Healthy You!

- A seven-week group program focused on helping you make healthy lifestyle changes and improve your relationship with food and your body. Debunking diet culture, emotional and mindful eating, learning the basics of nutrition, label reading, building balanced meals, and meal planning.

Cooking Basics

- A six-week in-person cooking program for all ages with a focus on preparing meals for one or two. Session topics include planning balanced meals, shopping for nutritious foods on a budget, and preparing and storing food safely. Enjoy all in the company of new friends.

Infant Feeding Workshops

- This two-part workshop series helps parents and caregivers learn how to successfully feed their baby throughout the first year of life and beyond: Part 1 (0-6 months) and Part 2 (6-12+ months)
- Topics include: when to introduce solids, first foods and textures, allergy prevention, feeding roles, preventing picky eating and more.

Living a Healthy Life with Chronic Pain

- If you live with chronic pain, this six-week program may help you improve your quality of life. Subjects covered include how to deal with frustration, fatigue, isolation, poor sleep; exercises to improve your strength, flexibility and endurance; and learning how to pace activity and rest.

Powerful Tools for Caregivers

- A six-session program that provides caregivers with tools and strategies to better handle the unique challenges they face.
- Learn to reduce stress, communicate effectively and make difficult caregiver decisions.

Stress Management Program

- Stress can never be eliminated from our lives, but it can be managed so that it does not affect our health.
- Six-session course teaching skills to manage stress, including breathing and muscle relaxation techniques, assertive communication skills and changing negative thinking.

Balance for Life

- An exercise program for independent living that focuses on building balance and strength for greater health and wellbeing.
- Two levels of intensity are offered, "Start-up" (level 1) focuses on gentle movements and the activities of daily living, while "Step-up" (level 2) is more advanced and includes a faster-paced cardio component.

Seniors on Wheels

- A free program for seniors (65+) where they can enjoy a ride on a piloted electronic pedicab along the picturesque bike path at Lamoureux Park. This program is coordinated by City of Cornwall tourism department with support from Seaway Valley CHC volunteers and staff.
- For more information or to book a ride visit: <https://www.cornwall.ca/en/play-here/seniors-trishaw.aspx>
